

GROWER: EUBANKS FARMS

CROP: TOMATOES

APPLICATION METHOD: Drip irrigation and Foliar applications throughout the year.

RATES: 2 qts per acre on each application

RESULTS:

Control: 2000 boxes per acre

C-CAT: 2500 boxes per acre

GROWERS COMMENTS: Darrin said, "It did me a good job, less disease and the best size ever. The top tomatoes were also bigger, not soft and hollow but solid. C-CAT has worked well with our program and the yield and quality is impressive."
